Students who drive vehicles to school park at their own risk and must understand that the school or Board of Education cannot be held responsible for the vehicle. Students are reminded that driving to school is a **privilege** not a right. Students providing their own transportation are expected to be on time and *being late because of car or traffic problems will be unexcused and could result in detention*. The following rules apply to the parking lot and student driving:

- All new drivers must take a WCS mandated safety class BEFORE being allowed to purchase a permit.
- All students must register their cars by completing this application and paying the parking fee.
- Current year's permit must be displayed on the rear-view mirror with the number visible from front.
- Sale or transfer of permits between students or to any other car is prohibited.
- Cars may be parked only in a designated student parking lot & in a designated parking spot. No parking on the grass or curb.
- The parking lot speed limit of 10 m.p.h. is strictly enforced.
- Students must promptly enter the building upon arriving at school.
- Students are **not allowed to return to their car until school is dismissed.**
- Neither the school nor any staff member will be responsible for any damage to car locks or batteries if a request for help is made by the student or parents.
- Students who drive to school and park on school property agree to the search of their vehicles by administrators who have "reasonable suspicion" that the student's car contains drugs, alcohol, weapons, or other items not permissible at school.

Failure to comply with any of these rules will result in the loss of parking privileges and will be subject to further disciplinary action.

I have read and understand the parking regulations above and will follow these rules. Ravenwood has a contract with a towing service. This company monitors our parking lot and failure to abide by these rules will result in my car being towed, at my expense.
