Williamson County Schools

Williamson County is located minutes south of Nashville, Tennessee. The school system services approximately 40,000 students through 10 high schools, 11 middle schools, 27 elementary schools, and one K-8 school. For the past five years, the district has grown by an average of 1,067 students each year as more and more corporations move their headquarters to the county. WCS students consistently earn test scores among the highest in the state. Our county-wide ACT score of 25.3 exceeds the national average of 20.3 and the state average of 20. Ravenwood seniors averaged a 27.1 ACT score last year. More than half of the district's professional employees have attained a Master's Degree or higher.

Organization of School Year

The school year consists of two semesters, each divided into two nine-week quarters. The day is divided into eight 50 minute periods, with most students having six classes, one study hall, and one homeroom/lunch period. First semester is August through December; second semester is January through May.

Grading and Class Rank

Students earn 0.5 credit per course each semester. Full-credit courses meet for two semesters. Transcripts reflect semester grades only, comprised of two quarter grades and one semester exam grade. All GPA's are on a 4.0 weighted scale to include 0.5 bonus quality point for our 40+ honors courses and 1.0 bonus quality point for our 20+ AP courses. Williamson County Schools does not report class rank.

ACT Composite

Class of 2018:	26.4
Class of 2019:	27.5
Class of 2020:	27.3
Class of 2021:	27.1

Two GPA's appear on student's transcript. The Cum Weighted GPA is a student's official GPA as calculated by the WCS Grading Scale. The Hope Scholarship GPA is only used as one determining factor for the Tennessee HOPE Scholarship. A student qualifies for the HOPE Scholarship if an ACT score of 21/980 SAT or a 3.0 cumulative GPA (based on TN Uniform Grading Scale) is earned by the end of the 12th grade year.

An averaging policy for Math, Foreign Language, Chemistry, Physics, or Accounting courses allows students to gain full credit even though they failed the first semester. This is possible only if the second semester grade is a passing grade high enough to average with the first semester to attain a 60% or more. In these cases, the transcript will reflect the full credit earned. Grades remain on record as earned.
